

Team coaching

Below are a few questions to enable me to understand what you may be looking for and to help me to understand if I may be right for you and your business/ organisation/ school/ college/ university. Please answer as many or as few questions as seem relevant to your enquiry.

Name:

Email:

Are you looking for support for a newly formed Senior Leadership team - as a team, individually or both?

Are you looking for support for an established Senior Leadership team that is going through challenging times, needs a re-set, is transitioning within a changing business environment?

Is the support needed for a specific team within a business, rather than the Senior Leadership team - please outline details...

Would you like regular Coaching support for a specific team on a one to one basis or more broadly across the business?

Would you like support for students within your organisation/ place of education to help to prepare them for the workplace?

Any further information that you are happy to provide at this stage - please do detail below, to help me to understand the business/ organisation and your potential aims for coaching that is provided? It would help me to understand if the business/ team/ students have experienced coaching before and for what purpose? And - there is absolutely no obligation to progress anything beyond this enquiry - we can just have a conversation and see where this takes us...

I shall respond to your enquiry as rapidly as possible. This is usually on the same day, even if only briefly with a confirmation of when a fuller response will follow, or with a suggestion or a time to have a telephone conversation or to meet in person.

Thank you for your greatly appreciated enquiry. Clare Downes.

Please email this to Clare Downes: clare@circlecommunication.co.uk

Thank you for your time.
